I've been very fortunate and blessed to have coached dedicated, talented and wonderful individuals throughout my coaching career. There's also been dedicated, talented and wonderful coaches working on our track staffs. So much of any success that I've enjoyed certainly has to be shared with all of them, and I thank each and every one of them.

I also have to give much credit to the great coaches in our area. They've raised the bar so high and have pulled everyone else along with them. But most of all, I feel so fortunate to call so many of them "friend."
